

Rasuwa-Bhotekoshi Flood: Search, Rescue and Relief Response

Situation Report # 21

Date: 22 September 2026 Time: 07:00PM

This report has been prepared by the NDRRMA based on information received from DAO and District/National Emergency Operation Centers. It summarizes the response actions undertaken for search, rescue, and relief management following the Rasuwa-Bhotekoshi flood situation.

Highlights

- To date, a total of 344 patients have received treatment across 19 health facilities, of whom 12 are currently undergoing treatment, while 4 individuals have passed away during the course of treatment.
- A total of 1,134 affected people are sheltering in 21 holding centres: 793 in 9 centres in Rasuwa, 220 in 8 centres in Nuwakot, and 121 in 4 centres in Dhading.
- A high-level joint delegation comprising the Chief Executive of the Authority, representatives from the Ministries of Home Affairs, Infrastructure Development, Agriculture, Forests and Environment, Health and Food Hygiene, and Foreign Affairs, along with officials from all three security agencies and media personnel conducted an on-site monitoring visit today to various hydropower tunnel sites in Rasuwa and Nuwakot to evaluate local ground realities and determine the duration and exit strategy for search and rescue operations following the Rasuwa Bhotekoshi flood.
- Arrangements have been made to hold daily meetings of the Monsoon Response Command Post and briefing sessions with the Mobilization Team to review assigned responsibilities (TOR), executed activities, as well as associated problems, challenges, and resolution efforts.
- Daily municipality-level 'Report Cards' (covering current conditions and immediate needs) are being prepared by establishing direct contact with each local level and ward through the Situation Room located at NDRRMA.
- Under the Timure-Triveni (T2T) Initiative, a total of 2,472 police personnel have been deployed across 430 km of river corridors in eight flood-affected districts to execute search and rescue operations, deploy sniffer dogs and drones, disseminate DNA-related information, manage relief, rehabilitation, and camp operations, and conduct public awareness programs.

Search and Rescue Operations

Update: Ongoing Search and rescue operations at different hydropower projects sites.

Project Name	Actions Taken
Rasuwadhi Hydropower Project (120 MW)	• A joint team comprising the Close Quarter Rescue Team (CQRT) and project representatives reached the powerhouse, transformer room, and control room; however, no human remains or relevant objects were recovered during the search operations in and around the area. • Following a joint consultation between the District Security Committee, Rasuwa, and the Acting Chief Executive Officer of Rasuwadhi Hydroelectric Project, it was decided that immediate search and rescue operations are no longer required at the location. • Search and rescue operations is ongoing. • Due to challenging geographical terrain, significant difficulties were encountered in transporting essential heavy equipment to the affected sites for search and rescue operations.

Project Name	Actions Taken
Langtang Hydropower Project (20 MW)	- Joint team comprising the Nepali Army and the Chinese DART entered approximately 170 meters into the Audit-3 tunnel of Upper Trishuli-1 and conducted search operations using a Thermal Drone; however, no remains were recovered. 170-meter section of the tunnel has been cleared manually, with only 30 meters remaining to be cleared. - Officials from the District Security Committee, Rasuwa, alongside Project Head Bijay Mohan Bhattarai, conducted an on-site inspection of the affected area. - Suspension of Rescue Operations and Debris Management Decision: A meeting between the District Security Committee, Rasuwa, and the Managing Director of the project concluded that immediate search and rescue operations are no longer required at the site; clearing of debris at the powerhouse will be undertaken directly by the project company. - Continuity of Search Efforts: Search and rescue operations is ongoing.
Chilime Hydropower Project (22 MW)	- Armed Police Force (APF) Nepal continues transporting relief materials via tuina and carrying out search operations inside the tunnel. - A specialized Nepal Army team equipped with scuba gear is actively engaged in search and rescue efforts. - Cleared 250 m of the tunnel up to the control room, recovering 5 bodies; drained accumulated water using water pumps and cleared 80 m of debris. - Following a joint decision by the District Security Committee, Rasuwa and the Project Managing Director, search and rescue at the site is currently paused, though general search efforts remain ongoing elsewhere.
Upper Trishuli-1 Hydropower Project (216 MW)	Tunnel Operations & Body Recoveries: - Recovered 6 bodies from Audit 3 tunnel (Haku Besi) after using 3 grinders, 1 gas cutter, and 2 rotary rescue saws to cut through structural steel mesh. - Extracted 31 additional bodies by cutting through heavy iron structures using grinders, gas cutters, and rotary saws. - Cleared 2,200 m of debris along Axis connecting Audit 3 to Audit 1. Inspection & Search Efforts: - Searched 200 m inside Audit 1 tunnel (Haku Besi) with project representatives and a 5-member Nepal Army team, with no remains found. - Conducted search operations at Upper Trishuli Audit 3 using thermal drones, while Korean teams performed drone reconnaissance over residential and office areas. - Executed manual joint search operations at Audit 3 with Nepal Army and Chinese personnel. Logistics & Structural Challenges: - Airlifted an excavator body to the project site via a Nepal Army helicopter. - Operation suspended at Audit 3 per project engineers, as heavy equipment (excavators) cannot operate due to scattered trucks, compressors, iron mesh, and submerged machinery. - Operational Status: Search and rescue efforts remain continuously underway across other active sectors.
Trishuli 3A Hydropower Project (60 MW)	- A joint team comprising security forces and project representatives conducted search operations in the tunnel, powerhouse, and surrounding areas; no remains were found. - Search and rescue operations remain continuously underway.
Trishuli 3B Hydropower Project (37 MW)	- Excavation up to 2 meters below riverbed level located the foundation of the project office building, but no structural trace of the residential quarters (Buildings A1, A2, B1, B2, and D) was found. - Water remains flowing through the inlet area, while clearance operations have successfully cleared 476 meters of Audit-1 and 2.7 km of Audit-2. - Joint site inspections by project engineers and security forces yielded no human remains; search and rescue operations remain continuously underway.

Rasuwa Flood: Search, Rescue, and Relief Update

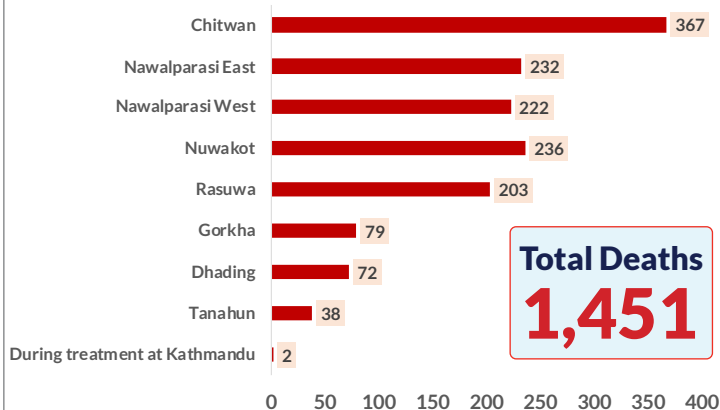

Date: 22 September 2026 Time: 07:00PM

This data has been prepared based on the information received from the District Administration Offices and National Emergency Operation Centers.

Government of Nepal
Ministry of Home Affairs
National Disaster Risk Reduction
and Management Authority
Singhadurbar, Kathmandu

Human Casualties including various unidentified human remains

Treated

- Currently, 11 people are undergoing treatment at 3 different hospitals.
- Medical treatment provided by various security forces: 10,555

Nepal Army Helicopter Flights

17

flights conduct to affected areas today

Total Rescued

13,795

DNA samples collected

Total Missing
5,705

* The no. of dead body handover i.e 112 has been deducted from the total count of missing persons

Alternative Housing and Livelihood Grant

- For families unwilling to stay in holding centers, a monthly allowance for accommodation and livelihood will be provided until alternative housing is arranged, for a maximum period of six months, at a rate of NPR 15,000 per family (for up to four members) plus an additional NPR 2,000 per member for any members exceeding that number.
- The process for receiving the grant has been established and sent to the concerned local government for implementation.

21
Holding Centers

Total People at Holding Centers

Nuwakot : 220

Rasuwa : 793

Dhading : 121

Security Forces Mobilised

20,929

The aforementioned figure for missing persons may include unidentified bodies, some rescued individuals, and duplicate entries.

As the process of verifying the data is currently underway, the stated number of missing persons is subject to change.

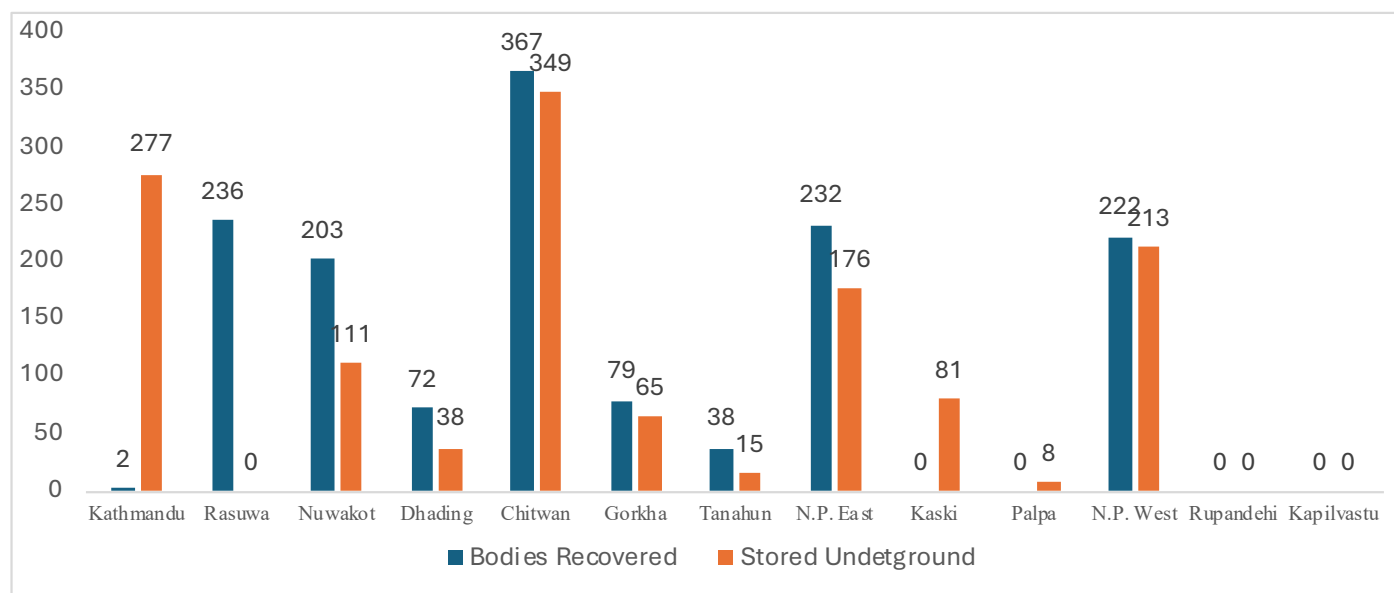

* For DNA testing, samples can be submitted to the relevant District Police Office, along with two photographs and proof of relationship.

Dead Body Management and Collected DNA Samples

District-wise rescue and dead bodies management

- Total Recovered/Rescued Bodies: 1,451
- Safely Stored Underground: 1,333
- Handed Over to Families: 112

Comparison of District-wise Recovered Bodies and Underground Safe Storage

Forensic Laboratories Conducting DNA Testing (3,345)

- Deceased DNA samples collected: 1,329
- Reference DNA samples collected from relatives of missing personnels: 2,016

International Forensic Expert Teams

- India: 19 (DNA experts)
- Singapore: 2 (Fingerprint experts)
- South Korea: 3 (DNA experts)
- United States: 3 (Fingerprint experts)
- China: 15 (DNA experts)

Debris Clearance

- Devghat: Three excavators, three backhoe loaders and three tippers are deployed.
- Dhunge: Three excavators, two backhoe loaders and two tippers are deployed.
- Trishuli: One excavator and one tipper are deployed.
- Galchhi: Two excavators and one tipper are deployed.

Roads, Bridges, and Transportation Sector

1. Prithvi Highway

- Mugling – Malekhu Section: Two-way vehicular traffic has been operational at Krishnabhir since September 1, 6:00 AM.
- Blasting Operations: As per the request received for hard rock blasting in the Shitalbazar (Krishnabhir) area, necessary procedures have been completed, and blasting operations are currently underway by the Nepali Army.

2. Tribhuvan Highway

- Due to landslides near Nagdhunga and Pataleban, the road was obstructed and is currently limited to one-way traffic. Traffic movement through the Nagdhunga Tunnel remains continuously operational.

3. Galchhi–Devighat–Dhunge–Trishuli Section

- Vehicular movement has been fully restored from Galchhi via Devighat to Battar, Vidur, Trishuli, and Gerkhu.

4. Bidur–Betrawati Section

- Out of the total 10 km length of the Bidur–Betrawati road section, 9.5 km has been restored for traffic. As the remaining 0.5 km section was completely washed away by floods, new road construction has been initiated by blasting hard rock in coordination with the Nepali Army. Additionally, foundation excavation for the construction of a Bailey Bridge at Betrawati has commenced, and necessary bridge construction materials are being transported to the site.

5. Suspension Bridges and Rope Crossings

- Rope crossings have been completed at Devighat, Indreni Chaur and Syafrubesi. Installation of two additional crossings at Hakubesi and Pahirebesi is to be expedited.
- Repairs to 20 suspension bridges are targeted for completion within Asoj. Repairs are underway on five bridges, while procurement is progressing for the remaining 15.
- Design and construction tendering for urgently needed new suspension bridges are being expedited.

Education Sector

Temporary Learning Centers (TLC):

- A total of 52 Temporary Learning Centers (TLCs) / classrooms have been established to resume education in flood-affected districts (UNICEF: 48, Save the Children: 4).
- 3 temporary toilets have been constructed at Tribhuvan Trishuli Secondary School, Nuwakot, in collaboration with UNICEF.
- Due to a lack of space at original school locations for TLC setup, local levels and schools have been requested to identify safe alternative locations.

Distribution of Educational Supplies and Kits:

- A total of 25 ECED kits have been distributed with support from Save the Children, UNICEF, and Street Child.
- A total of 41 teacher kits have been provided to schools in Nuwakot, Dhading, and Rasuwa.
- A total of 2,698 student kits have been distributed to children in both community and private schools (UNICEF, Save the Children, Shanti Foundation, All Hands & Hearts - AH&H, and Street Child).

School Debris Removal, Cleaning, and Decontamination:

- Debris has been cleared from 6 schools in Dhading, restoring them to operational status.
- Tribhuvan Trishuli Secondary School in Nuwakot has resumed operations in temporary structures as of September 21, 2026 (2083/06/05).
- With the support of AH&H, cleaning and decontamination work has been completed at Shree Ranabhuwaneshwori Secondary School, Kshetrapal Basic School, Sulakshana Secondary School (13 classrooms), Bhairum Secondary School (9 classrooms), and Trishuli Basic School in Nuwakot.

Psychosocial Counseling and Capacity Building Training:

- Mental health and psychosocial counseling have been provided to 428 children in Nuwakot and Dhading with support from UNICEF.

- A two-day training on recovery and accelerated learning was conducted for 30 teachers from 10 schools in Galchhi Rural Municipality, Dhading, in collaboration with UNICEF.
- A workshop on “Psychological First Aid in Emergencies, Well-being, and Teaching-Learning Facilitation” was conducted for 32 teachers at Rising Star Academy in Dhading.

Electricity and Energy Restoration

- Electricity supply has been fully restored across all areas, except for 46 households in Dahalfedi (Ward No. 1) and 40 households in Lingling (Ward No. 3) of Gosaikunda Rural Municipality, Rasuwa district.

Communication Sector

- Nepal Telecom: 117 out of a total of 120 Base Transceiver Stations (BTS) towers have been restored to operational status.
- Ncell: 76 out of a total of 78 BTS towers have been restored to operational status.
- Internet Services: Internet connectivity has been restored through Internet Service Providers (ISPs) across major market centers and areas in Nuwakot, Dhading, and Rasuwa.
- Free Wi-Fi services have been operationalized across relief camps and holding centers, including Vidur (Bhairum Secondary School, Chandrajyoti Secondary School, Sulakshana School), Trishuli Holding Center, Swayambhu (Mustang Gumba), and Rasuwa.
- To enhance emergency communication, additional lines have been connected at the Rasuwa and Nuwakot DEOCs, and the emergency hotline (1234) has been operationalized.
- A total of 30 satellite phones received from ITU and Ncell have been handed over to the affected districts through the Authority.
- Out of 29 satellite internet terminals, 12 terminals (1 at the Authority, 7 in Nuwakot, and 4 in Rasuwa) have been installed and operationalized.
- Logistics and Fuel Transport Coordination: Continuous coordination is being maintained with relevant agencies to transport technical equipment and fuel to inaccessible areas for the repair and maintenance of communication infrastructure.

Health Sector

Emergency Medical Team (EMT) Deployment:

- Out of a total of 36 Emergency Medical Teams (EMTs) deployed to date, 6 teams (comprising 149 personnel) from Nepal APF Hospital remain actively deployed in the field, while 4 teams are kept on standby.
- To date, a total of 8,344 individuals (118 in the last 24 hours) has received health treatment and medical services.
- Continuous medical services are being delivered by healthcare teams to flood-affected populations at Setidevi Basic School, Chautara Nuwakot, Vidur-5, and various locations across Rasuwa.

Holding Center and Nutrition Management:

- A cumulative total of 10,420 individuals (850 in the last 24 hours) has received medical and psychosocial services across various holding centers.
- To address the heightened risk of malnutrition among children, pregnant women, and lactating mothers in flood-affected areas, nutrition action plans have been formulated for Rasuwa, Nuwakot, and Dhading. Distribution of Ready-to-Use Therapeutic Food (RUTF) and Outpatient Therapeutic Center (OTC) evaluations are actively underway.

Mental Health and Psychosocial Support:

- A total of 105 personnel-including psychiatrists, 91 field-deployed personnel, and 14 helpline

Number of Injured Being Treated at Health Facilities

Name of Health Facility	Total	Under Treatment	Referred	Discharged	Deaths

Dhading Hospital Pvt. Ltd., Adamghat, Gajuri	1			1	

operators-have been mobilized, delivering psychosocial counseling services to 12,057 individuals to date (276 in the last 24 hours).

- Following the identification of severe post-depression symptoms in a female patient in Vidur Municipality-8, specialized mental health interventions were delivered, and the patient was admitted to Trishuli Hospital for advanced care.

Ambulance, Mortuary Vehicle, and Forensic Management:

- Ambulance services for holding centers in Kathmandu are accessible via hotline 102, while ambulances, mortuary vehicles, and a Mass Casualty Vehicle from Nepal APF Hospital remain on standby for emergency response.
- For dead body management, 53 forensic personnel, including 12 specialists across 4 active teams, have been deployed to the field.

WASH

Water Supply Scheme Restoration:

- Water System Restorations: Reinstated and operationalized 8 flood-interrupted drinking water projects in Dhading district and completed the rehabilitation of the Tallo Gerkhutar Water Supply Project in Nuwakot.
- Water Purification: Installed water chlorination systems at 3 locations across Bidur Municipality.
- Safe Water Distribution: Deployed 3 KUKL water tankers (two 6,000-liter and one 9,000-liter capacity) for regular distribution of clean drinking water in affected areas.

Women, Children, Gender & Sexual Minorities, and Social Security

- Provided Psychological First Aid (PFA) and psychosocial counseling to 6,459 flood-affected individuals (1,330 girls, 1,235 boys, 2,331 women, 1,563 men, and 24 persons with disabilities).
- Operationalized 10 Women-Friendly Spaces in Nuwakot and Dhading, alongside 40 Child-Friendly Spaces providing recreational and psychosocial support to 1,231 children.
- Reunited 24 children with families, placed 29 in temporary protection centers, and ongoing profiling/verification for 238 children requiring tracing, reunification, or case management.
- Airlifted 9 women with critical maternity complications and newborns to Paropakar Maternity and Women's Hospital for specialized care.
- Conducted Gender-Based Violence awareness sessions in communities and holding centers, engaging 193 participants (19 girls, 13 boys, 71 women, and 90 men).

Emergency Needs and Priorities

- Roads & Bridges: Complete rock cutting, drainage, and debris removal on the Betrawati section; transport and assemble bridge components; confirm the reopening date for Devighat bridge; and expedite rope crossing installations in Hakubesi and Pahirebesi.
- Education & Temporary Shelter: Identify safe land for additional learning centers where school premises are constrained; relocate families sheltering in schools to temporary shelter; and maintain learning and psychosocial support for affected children.
- Temporary Housing: Provide temporary shelter support and transition residents from holding centers into safe housing; prioritize housing rental facilities; identify secure land for vulnerable households; and update registries to verify beneficiaries while tracking rental assistance, grant disbursements, shelter status, and completed relocations.
- Health & Protection: Ensure uninterrupted healthcare, disease surveillance, psychosocial counseling, and referral services during transitional housing moves; prioritize accessible housing, safe water, medicines, assistive devices, and rehabilitation services for high-need individuals.
- WASH: Continue water quality testing and monitor restored supply systems; sustain water trucking, storage, purification, and hygiene facilities across camps and schools.
- Food Security & Livelihoods: Maintain relief supply delivery to remote areas, address cooking gas shortages, and finalize remaining food procurement.

विशेष मौसमी बुलेटिन: मनसुन सम्बन्धी बुलेटिन - ३ (अपडेट) (Special Weather Bulletin for Monsoon - 3) (Update)
जारी मिति: २०८३/०६/०६ गते मंगलबार, साँझ ६:०० बजे

आगामी असोज ९ गते शुक्रबार देखि असोज ११ गते आइतबार सम्म गण्डकी र लुम्बिनी प्रदेशका केही स्थानमा मेघगर्जन/ चट्याङ्ग/हावाहुरीसहित भारी देखि धेरै भारी वर्षा तथा एक-दुई स्थानमा अति भारी वर्षाको समेत सम्भावना छ। साथै मधेश प्रदेश तथा कोशी, बागमती र सुदूरपश्चिम प्रदेशका थोरै स्थानमा पनि मेघगर्जन/चट्याङ्ग/हावाहुरी सहित भारी देखि धेरै भारी वर्षाको तथा कर्णाली प्रदेशको पनि थोरै स्थानमा भारी वर्षाको समेत सम्भावना छ। देशका अधिकांश स्थानमा मेघगर्जन/चट्याङ्ग सहित मध्यमसम्म वर्षाको सम्भावना छ। उत्तर अन्डमान सागर र आसपासको क्षेत्रमा बिकसित न्यून चापीय क्षेत्र (Low Pressure area) हाल बङ्गालको खाडीको मध्य भू-भाग आसपासमा रहेको छ र उक्त प्रणाली थप शक्तिशाली बन्दै Deep Depression (बलियो न्यून चापीय क्षेत्र) भई पश्चिम-उत्तरपश्चिम दिशातिर सर्ने देखिन्छ र यसको प्रभावले बुधबारबाट नै कोशी, बागमती र गण्डकी प्रदेशमा वर्षाको गतिबिधि बढ्दै जाने देखिन्छ।

तसर्थ, सम्भावित वर्षाको कारणले भू-क्षय, बाढी, पहिरो तथा ग्रेग्रान बहाव (debris flow) को जोखिम रहेकोले शहरी तथा तराई क्षेत्रहरूमा ढुबानको जोखिम रहेको, ठूला तथा साना नदी नाला र खोलाहरूमा पानीको सतह बढ्न सक्ने, दैनिक जन-जीवन, कृषि, स्वास्थ्य, पर्यटन लगायत नदी क्षेत्र आसपासका निर्माण कार्य, सडक तथा हवाई यातायात समेत प्रभावित हुन सक्ने भएकोले आवश्यक सतर्कता तथा पूर्व तयारी अपनाउनु हुन सर्वसाधारण तथा सबै सरोकारवाला निकायहरूमा अनुरोध छ। हाल केहि स्थानबाट धानबाली भित्र्याउन मौसम सम्बन्धि जानकारी माग भएकोले सम्बन्धित कृषि बिज्ञको सल्लाहमा कार्य गर्नु हुन अनुरोध गरिन्छ। साथै, उक्त मौसम प्रणालीको प्रभाव देशको हिमाली भू-भागमा भारी सम्म हिमपात हुन सक्ने भएकोले पर्वतारोही तथा सम्बन्धित सबैले उच्च सतर्कता अपनाउन अनुरोध गरिन्छ।

यस मनसुनी प्रणालीलाई मौसम पूर्वानुमान महाशाखाले निरन्तर अनुगमन गरिरहेको छ र सोही अनुसार नियमित रूपमा अद्यावधिक गर्दै जानेछ। तसर्थ, यस महाशाखाबाट जारी हुने मौसम पूर्वानुमान नियमित हेर्नुहुन र अद्यावधिक मौसमी सूचनाको जानकारी लिनुहुन अनुरोध छ।
